

Department of Geology

Reginald H. Pegrum Professional Development Scholarship Application

The Pegrum Professional Development Scholarship provides financial support to undergraduate and graduate students in the Department of Geology for the purpose of attending professional meetings. First priority will be given to those students actually presenting a talk or poster, and scholarships will be awarded based on the availability of funds at the time applications are received. Complete the application form below and submit the original to the Department of Geology Chair, 876 Natural Sciences Complex.
