ERUPTION!
INSTRUCTIONS FOR T.A.

From Your Server :
1. Open **ERUPTION SERVER**
2. Double click on **G-SERV**
3. Double click on **VESUVIUS 50 MIN**

Turn on all the computers:
1. Double click on "**Crisis Client**"; wait to let it boot up.
2. Click one time on the **pretty screen** after the program boots up.
3. Click one time on the "**Login**" button in the bottom right corner.
4. Log in as "**Guest**"
5. **Choose which jobs** to assign and click on "**Log in**" (do not click anything for the Governor position).
6. Leave the program at the black "**Your Job Assignment**" screen. Instruct students to NOT PUNCH ANY BUTTONS.
7. **Repeat steps 1-6 for the rest of the computers**; at step 5 do not mark any of the job boxes. This will make the computer a Villager.

To Start the Game:
• After the students have read the handout and are all ready to go:
   • At the Server you should see a bar across the top of the screen that has "**Simulation**" in it. Pull down the menu under this and activate "**Play**".

After the Game has Started:
• Use ⌘H to **show the menu bar** across the top of each computer screen
• To change voices, under "**Output**" go to "**Voice**"
• You can try calling the **Red Cross**: From the Server, under "Simulation" you will see "Call the Red Cross"; activate this and see what happens!

Have each student turn in their Response Question at the end of class.
